## Keeping safe means:

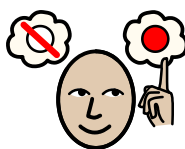

- Taking care of yourself.

- Being protected from things that could

hurt or upset you.

- Making good choices to stay healthy

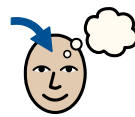

and happy.

How I keep safe

I have a safe environment that helps me

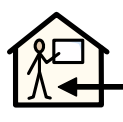

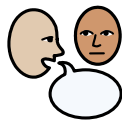

learn.

The adults in school want me to be safe at

school, at home, online and in the community.

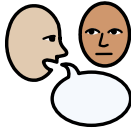

I can talk to an adult in school if anything

worries me.

I won't keep it a secret if:

• Someone says things to me that I

don't like.

• Someone hits or hurts me.

• Someone sends me unkind messages on the

internet or on the phone.

• Someone breaks the PANTS rules.

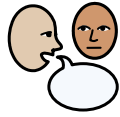

Who

can

I

talk to
